Objectives

1. Participants will be able to describe how to evaluate patients suspected of childhood trauma.

2. Participants will be able to define the differential diagnosis for childhood trauma.

3. Participants will be able to describe broad treatment strategies for childhood trauma.

4. Participants will be able to demonstrate awareness regarding the challenges of psychotropic medications prescribed to children in foster care.

5. Participants will be able to describe the gap in communication between providers in the community, DSS case workers and tools to reduce the gap.

6. Participants will be able to describe our goal of aligning the knowledge of DSS workers, family physicians, pediatricians, and child and adolescent psychiatrists in the AACAP Collaborative grant awarded to VA ROCAP.

Target Audience: Physicians

Please send registration fee of $15 for Virginia Council, CAP Members and Virginia Chapter, AAP Members or $30 for non-members before October 1, 2015. Mail checks payable to “VA Council, CAP” to:
