PROGRAM OVERVIEW
The goal of the 2nd Annual NYC Pain Symposium is to provide clinicians in the tri-state community with a comprehensive review of cutting-edge practices in the diagnosis and management of pain disorders. A broad spectrum of disorders including fibromyalgia, diabetic neuropathy, migraine, and spinal pain will be addressed. Also included for the first time this year will be the role of the placebo in pain, and a testimonial from a patient living with neuropathy. Through didactic lecture and interactive discussions with expert clinicians, attendees will learn current medical and cutting-edge diagnostic and interventional practices that will prepare them to diagnose and manage patients living with pain in 2015 and beyond.

EDUCATIONAL OBJECTIVES
At the conclusion of this activity, participants will be able to:

• Develop a comprehensive management strategy for patients with neuropathic pain of various etiologies.

• Define menstrual migraine and discuss an appropriate management plan.

• Describe the role of the placebo effect in the management of pain.

• Formulate a diagnostic workup and treatment plan for the patient with fibromyalgia.

• Discuss the role of balloon augmentation for patients with osteoporosis-related vertebral compression fracture.

TARGET AUDIENCE
Neurologists, neurosurgeons, anesthesiologists, physiatrists (PM&R), psychiatrists, primary care providers, residents and fellows, nurse practitioners, and physician assistants.

ACCREDITATION
The Icahn School of Medicine at Mount Sinai is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION
The Icahn School of Medicine at Mount Sinai designates this live activity for a maximum of 5.25 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

VERIFICATION OF ATTENDANCE
Verification of attendance will be provided to all professionals.

FACULTY DISCLOSURE
It is the policy of Icahn School of Medicine at Mount Sinai to ensure objectivity, balance, independence, transparency, and scientific rigor in all CME-sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are expected to disclose to the audience any relevant financial relationships and to assist in resolving any conflict of interest that may arise from the relationship. Presenters must also make a meaningful disclosure to the audience of their discussions of unlabeled or unapproved drugs or devices. This information will be available as part of the course materials.
REGISTRATION INFORMATION
$125 Practicing Physicians
$60 Physician Assistants, Nurse Practitioners, and other allied health professionals
$15 Residents and Fellows
Complimentary Registration for *MSHS Residents and Fellows.
*Mount Sinai Health System (MSHS) Residency and Fellowship will be verified.

If you would like to attend this conference and require any special needs or accommodations please contact the Page and William Black Post-Graduate School of Medicine at 212-731-7950.
AGENDA

8:00-8:45am Registration & Continental Breakfast

8:45 – 9:00 Welcome & Introduction
Mark W. Green, MD, FAAN
David W. Simpson, MD, FAAN

9:00-9:45 Integrative Approach to Fibromyalgia and Other Chronic Widespread Pain Syndromes
Jessica Robinson-Papp, MD

9:45-10:30 Menstrual Migraine
Lawrence Newman, MD

10:30-11:00 Break

11:00-11:45 The Placebo
Mark W. Green, MD, FAAN

11:45-12:00pm Q&A Panel

12:00-1:00 Lunch

1:00-1:45 Diabetic and Small Fiber Neuropathies
David M. Simpson, MD, FAAN

1:45-2:15 Patient Testimonial: Small Fiber Neuropathy Presenting as Fibromyalgia

2:15-2:45 Break

2:45-3:30 Managing Vertebral Compression Fractures Secondary to Osteoporosis or Malignancy: Vertebroplasty vs. Balloon Augmentation
Lawrence J. Epstein, MD

3:30-4:00 Q&A Panel

4:00 Adjourn

ACGME Competencies
This course is designed to meet one or more of the following Accreditation Council of Graduate Medical Education (ACGME) competencies:
- Patient care
- Medical knowledge
- Interpersonal and communication skills
