

CHI Health Ethics Services Education Ethics on the Big Screen

Understanding the Patient Narrative through Trauma-Informed Care

featuring the documentary

Resilience: The Biology of Stress & the Science of Hope

Trauma-informed care means treating a whole person . . . taking into account past trauma and the resulting coping mechanisms . . . when attempting to understand behaviors and treat the patient. *Melissa Withers*

Continuing Education Credits

Category 1:

Creighton University Health Sciences Continuing Education designates this live activity for a maximum of 3 *AMA PRA Category 1 Credit(s) TM*. Physicians should claim only credit commensurate with the extent of their participation in the activity.

AAPA accepts AMA category 1 credit for the PRA from organizations accredited by ACCME.

Nurse CE:

The Creighton University Health Sciences Continuing Education designates this activity for 3.0 contact hours for nurses. Participants must be present at the start of the program and attend 100% of the program to receive continuing education credit and a certificate. Partial credit will not be awarded.

Accreditation Statement:

In support of improving patient care, this activity has been planned and implemented by Creighton University Health Sciences Continuing Education (HSCE) and CHI Health. Creighton University Health Sciences Continuing Education (HSCE) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Mental Health and Social Work:

The Board of Mental Health does not pre-approve continuing education course offerings, but may accept as continuing education for licensure and certification renewal, learning experiences, provided they are planned and conducted for mental health practitioners and if they are related to mental health practice. Continuing education offerings for individuals who hold a social work certificate, but are not licensed as a mental health practitioner, must relate to the practice of social work. Each professional is responsible for their own certification.
