COURSE DESCRIPTION
Enjoy a half-day educational event covering a multidisciplinary approach to management of neuroendocrine tumor patients including sequencing of therapy, knowledge of PRRT, side effects and treatment implications.

TARGET AUDIENCE
Physicians, nurses, pharmacists and physician assistants.

LEARNING OBJECTIVES
Upon completion of this education activity, learners should be able to:

- Understand rationale for PRRT treatment and its complications;
- Recognize PRRT in second line treatment for G1 NET;
- Understand and incorporate symptom management guidelines for NETs;
- Indications of liver directed therapy in the era of PRRT;
- Sequencing of systemic therapy.

CONTINUING EDUCATION CREDIT
The Emory University School of Medicine designates this live activity for a maximum of 4 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 4 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider’s responsibility to submit participant completion information to ACCE for the purpose of granting ABIM MOC credit.

The Emory University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.
