Complex Care: Managing Patients with Complicated Needs

Friday, September 15, 2017
Cedarbrook Lodge
SeaTac, Wash.

About the Course
This course will provide you with up-to-date, evidenced-based treatment approaches for several major chronic diseases, as well as techniques for motivating your patients. Multiple morbidities/chronic diseases affect a patient's medical complexity and hence require modifications to prognosis, interventions and functional outcomes. Communication skills for complex patient situations, including progression of disease, end-of-life discussions, and challenging family situations, will be presented.

Course Objectives
At the end of the conference, attendees will be able to:

• Demonstrate effective communication strategies and optimized medical treatment for cognitively impaired or complex patients.
• Describe KPWA support available to patients, families, caregivers and providers in caring for patients with these conditions.
• Utilize care coordination resources within KPWA to improve care coordination
• Develop strategies to reduce high-end imaging and polypharmacy in patients with dementia and other cognitive impairment.
• Discuss the process that causes somatization and the treatment options for such patients.
• Describe the KPWA Specialty Medication Pharmacy approach to managing multiple sclerosis prescriptions.

Target Audience
Primary care physicians and health care teams

Registration and Accreditation

Tuition includes all educational sessions, course syllabus, and refreshments the day of the course. You will receive written confirmation of your registration. To receive Category 1 credit, providers are required to attest to how many hours they were actually present at the given activity by electronically completing a Verification of Hours form provided by the CME office. Failure to complete this form will result in denial of credit for that activity.

Kaiser Foundation Health Plan of Washington is accredited by the Washington State Medical Association to provide continuing medical education for physicians.

Kaiser Foundation Health Plan of Washington designates this live activity for a maximum of 7.25 AMA PRA Category 1 Credit(s)™.

This activity meets the criteria for up to 7.25 hours of Category I CME credit to satisfy the relicensure requirements of the Washington State Medical Quality Assurance Commission.

Kaiser Permanente requires that all individuals participating in a KPWA CME activity disclose to the audience any relationship with a commercial interest that might pose a potential, apparent, or real conflict of interest with regard to that faculty or planning member’s contribution to the program.

Individuals listed above/below have disclosed that their participation/presentation includes no promotion of any commercial products or services, they do not have any financial relationships with a commercial interest, and they do not anticipate discussing any off-label uses of a product.

Register online using our secure registration and payment site. If you prefer to pay over the phone, please call 206-326-3934.
