Pulmonology for Primary Care

Wednesday, Oct. 15, 2014
Cedarbrook Lodge, SeaTac, Wash.

ABOUT THE COURSE
This course is designed to address a wide range of clinical topics associated with the care and management of patients with pulmonary conditions. Attendees will receive clinical updates and useful management strategies for commonly seen conditions. Course content will be clinically oriented and interactive, with case presentations and opportunities for questions.

COURSE OBJECTIVES
At the end of the educational activity, attendees will be able to:

- Describe a systematic approach for appropriate diagnosis, triage and treatment of community acquired pneumonia and chronic bronchiectasis.
- Understand the optimal testing and interpretation for diagnosis of tuberculosis and latent TB infections.
- Identify appropriate individuals to screen for lung cancer and whom to refer for newly identified pulmonary nodules.
- Recognize the most common causes of chronic cough and determine appropriate testing and treatment using an evidence-based approach.
- Understand how to risk-stratify, diagnose and treat individuals with possible pulmonary embolism.
- Develop an approach to optimal evaluation and treatment of common causes of pleural effusion.
- Use evidence-based medicine to improve asthma and COPD control in the patient population.
- Review a variety of common occupational lung disease cases.

TARGET AUDIENCE
Primary care clinicians and health care teams

AGENDA

a.m.
7:30 – 8:00
Refreshments & Registration
8:00 – 8:15
Introduction – Jeffrey Sullivan, MD
8:15 – 9:15
Approach to Chronic Cough – Michael Nevins, MD
9:15 – 10:00
Update on Tuberculosis and Latent TB Infection – Jason Kettler, MD
10:00 – 10:15
Break
10:15 – 11:15
Cancer Screening with Low Dose CT Scans – Priscilla Madsen, MD
11:15 – 12:00
Pleural Effusion Evaluation and Treatment – Matthew Fei, MD

p.m.
12:00 – 1:00
Lunch
1:00 – 1:45
Occupational Lung Disease – Jeffrey Sullivan, MD
1:45 – 2:45
Pneumonia/Bronchiectasis – Robert L. Thompson, MD
2:45 – 3:00
Break
3:00 – 3:45
COPD/Asthma – Jeffrey Sullivan, MD
3:45 – 4:30
Pulmonary Embolism Diagnosis and Treatment – David Lewis, MD
4:30
Evaluation & Adjournment

REGISTRATION & ACCREDITATION
Tuition includes all educational sessions, course syllabus, and refreshments the day of the course. You will receive written confirmation of your registration. To receive Category 1 credit, providers are required to attest to how many hours they were actually present at the given activity by completing a Verification of Hours form provided by the CME Office. Failure to return the form will result in denial of credit for that activity.

Group Health Cooperative is accredited by the Washington State Medical Association Accreditation Council for CME to sponsor continuing medical education for physicians.

Group Health Cooperative designates this educational activity for a maximum of 6.75 hours in Category 1 to satisfy the relicensure requirements of the Washington State Medical Quality Assurance Commission.

Group Health Cooperative designates this live activity for a maximum of 6.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Group Health Cooperative requires that faculty participating in a Group Health CME activity disclose to the audience any relationship with a commercial interest that might pose a potential, apparent, or real conflict of interest with regard to that faculty member’s contribution to the program.
