22nd Annual USC National Trauma, Emergency Surgery and Surgical Critical Care Symposium

Friday and Saturday
May 29–30, 2015

Langham Huntington
Pasadena, California

Presented by:
The Division of Acute Care Surgery
USC Office of Continuing Medical Education
Institute of Continuing Education for Nurses, Department of Nursing
Los Angeles County+USC Medical Center

Keck School of Medicine of USC
The annual USC National Trauma, Emergency Surgery and Surgical Critical Care Symposium is hosted by the Division of Acute Care Surgery from the Los Angeles County+University of Southern California Medical Center, one of the largest trauma centers in the United States. The symposium features cutting edge lectures, high caliber plenary sessions, interactive and provocative panel discussions, and inspiring keynote addresses by leaders in the field of acute care surgery, trauma and surgical critical care. A balance between evidence-based principles and innovative thought-provoking discussion will be maintained during lively expert debates and video sessions. Each session focuses on understanding the latest medical controversies and the implementation of practical procedural skills.

TARGET AUDIENCE
This course is intended for physicians, nurses, physician assistants, nurse practitioners, emergency medical technicians, paramedics and other medical personnel working in the field of acute care surgery and trauma care, as well as all allied health professionals who care for adults and seek to enhance their understanding of trauma care and treatment options to optimize management of their patients.
