GENERAL INFORMATION

Statement of Need: Ischemic and hemorrhagic stroke continue to be the leading cause of long term disability and one of the leading causes of death in this country. It is important that medical professionals identify the multiple treatment options available. Providing education for this topic will help to enhance differential diagnoses and ultimately improve patient care and outcomes..

Program Objectives: All Northwell Health CME activities are intended to improve patient care, safety and outcomes. At the conclusion of this conference participants should be able to:

- **Identify** available diagnostic options for cerebrovascular disease.
- **Recognize** advances and breakthroughs in treatment modalities for both ischemic and hemorrahagic stroke
- **Summarize** accepted best practices for the management of stroke

Target Audience: This program is designed for physicians, nurses and pharmacists. Other members of the healthcare team, including PAs, Psychologists, Physical Therapists, Registered Dietitians and all those interested in the topic of comprehensive management of stroke, are also invited to attend.

Joint Accreditation Statement:
In support of improving patient care, Northwell Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
