27th Annual Breast Cancer Symposium

Individualized Breast Care: Personalized Treatment

Saturday, Sept. 17, 2016  |  8 a.m. - 1:45 p.m.
Fogelson Forum Auditorium
8200 Walnut Hill Lane  |  Dallas, TX 75231

TexasHealth.org/CME
Early detection of breast cancer is a fundamental part of the effort to secure the best treatment outcomes for the patient. Physicians and the multidisciplinary team must collaborate to discover the varying aspects of this disease, which are staging, conservation efforts, reconstruction, surgery, genetic testing and chemotherapy. This symposium is designed for physicians, nurses and allied health professionals involved in the screening, diagnosis, treatment and survivorship of breast cancer. Appropriate specialties include, but are not limited to: gynecology, internal medicine, medical oncology, obstetrics, primary care, radiology, radiation oncology and surgical oncology.

Upon completion of this symposium, the participants should be able to:

- Discuss the role of neoadjuvant chemotherapy in breast cancer treatment, its benefits and outcome.
- Review neoadjuvant chemotherapy response in different breast cancer subtypes.
- Evaluate the significance of pathologic response to neoadjuvant chemotherapy.
- Determine which breast cancer patients may benefit from hormonal therapy in the neoadjuvant setting.
- Review cardiac sparing techniques for left-sided breast cancer.
- Discuss partial breast irradiation (PBI) techniques.
- Identify optimal candidates for PBI.
- Describe cancer associated genetic mutations.
- Integrate genetic testing into your everyday practice.
- Review current uses of mammography, breast tomosynthesis, breast ultrasound and breast MRI in breast cancer detection.
- Discuss caregivers’ need to care for their own emotional and spiritual needs.
- Identify proper tools to empower healing for the individual patient with the health care provider.
- Discuss the fear and stress that a cancer diagnosis creates.
- Discuss the key to knowledge in relation to the health care provider and the internet.
- Review the key components for cancer treatment, survivorship and thrivership.
- Discuss the pressing necessity for a proxy who can speak for the patient.
- Describe how palliative care is about comfort for the patient, which includes physical, emotional and spiritual areas.
- Identify the difference between palliative care and hospice.

Acknowledgements

A complete listing of all support will be made available in the syllabus.
Registration Information

Due to limited seating, advanced registration is encouraged. To receive a registration discount, your registration must be received no later than Wednesday, Sept. 7, 2016. All registrations will be confirmed.

For additional information, contact the Office of Continuing Medical Education toll-free at 1-866-295-3269. Registrations received via fax, phone or website must include credit card information in order to be processed.

---

Dr. DuPree is a Vice President of Holy Redeemer Health System overseeing Surgical Services, Women’s Health, Employee Wellness and Integrative and Holistic Medicine. She has an academic appointment as an Adjunct Assistant Professor of Surgery at The University of Pennsylvania. She is a breast surgeon who embraces Eastern-healing philosophies as she remains on the cutting edge of Western medical technologies. Dr. DuPree is a graduate of The University of Pittsburgh and Hahnemann University (Drexel) School of Medicine.

She is a Fellow of the American College of Surgeons and is board certified in Surgery as well as Integrative and Holistic Medicine. Dr. DuPree is the recipient of numerous awards, achievements and serves on the advisory boards for several breast cancer organizations. She believes that “You must be the change you wish to see in the world” (Gandhi), and inspires her patients, colleagues and acquaintances to be the change.

---

Doctors on the medical staff practice independently and are not employees or agents of the hospital except resident doctors in the hospital’s graduate medical education program.
Symposium Location
Texas Health Presbyterian Hospital Dallas
Fogelson Forum Auditorium
8200 Walnut Hill Lane  |  Dallas, TX 75231

Accreditation

PHYSICIANS
Texas Health Research & Education Institute is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Texas Health Research & Education Institute designates this live activity for a maximum of 5.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The presentation, “Breast Cancer and Palliative Care,” has been designated by Texas Health Research & Education Institute for 1 credit of education in medical ethics and/or professional responsibility.

NURSES
Texas Health Presbyterian Dallas – Texas Health Resources University is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

RADIOLOGY TECHNOLOGISTS
This activity is approved for credit by the ASRT.

SOCIAL WORKERS
The Texas State Board of Social Work Examiners has approved this symposium for .55 continuing education units.
