OBJECTIVES
At the conclusion of this program, the participant will:

➢ Demonstrate laparoscopic suturing with extracorporeal knots.

➢ Demonstrate laparoscopic suturing with intracorporeal knots.

➢ Utilize suture assist devices for complex laparoscopic surgical cases.

AGENDA

07:30 AM  Breakfast, Registration
08:00 AM  Welcome, Announcements, Course Overview
08:15 AM  Lab – Extracorporeal Suturing
09:15AM   Lab – Intracorporeal Suturing
10:15 AM  Break
10:30 AM  Lab – Suture Assist Devices
11:30 AM  Post-Test
12:00 PM  Adjourn
WHAT IS BOOT CAMP?

This is an intense half-day, hands-on training experience in various techniques of laparoscopic suturing, designed for the laparoscopic gynecologic surgeon who wishes to enhance his/her laparoscopic skill set. This program is designed for surgeons who are comfortable with basic and intermediate laparoscopic surgery, with a focus on individual, hands-on practice in these suturing techniques. In order to provide participants a more individualized experience, enrollment will be limited, to ensure a high faculty to participant ratio.

WHY BOOT CAMP?

Laparoscopic suturing and knot tying are difficult but essential skills for performing advanced laparoscopic procedures. They remain an advanced technical step that is the key to gynecological procedures such as Total Laparoscopic Hysterectomies, Laparoscopic Supracervical Hysterectomies, Laparoscopic Myomectomies, and Laparoscopic Prolapse Surgeries. Numerous studies have shown the value of training and practice in laparoscopic suturing and knot tying in improving real-world laparoscopic surgical skills.
COURSE DESCRIPTION

The Advanced Laparoscopic Gynecologic Surgery educational activity is a bi-annual program designed to provide an in-depth review of the latest information and techniques in Gynecologic laparoscopic surgery. It is designed for clinicians who desire to advance their laparoscopic skills, and apply these skills to perform more advanced Gynecologic laparoscopic surgeries in their practices. The attendees will learn and practice laparoscopic suturing using laparoscopic trainers. As part of the registration fee, an Apple iPod touch or iPad will be given to each participant (See Details Below). It will contain all the conference presentations, a variety of surgical videos and will be an integral part of the conference. It will allow the participants the opportunity to ask questions in real time as well as participate in the audience response system. The laparoscopic trainers will be available for use by the participants throughout the entire course.

TARGET AUDIENCE

This conference is specifically designed for OB/GYN physicians, gynecologic surgeons, OB/GYN fellows and residents.

PROGRAM OBJECTIVES

At the end of this conference, participants will be able to:

- **Describe** the appropriate surgical set-up to perform effective laparoscopic surgery.
- **Discuss** the principles of electrosurgery in laparoscopic surgery.
- **Identify** pelvic anatomy pertinent to a gynecologic laparoscopic surgeon.
- **Perform** laparoscopic suturing and knot tying.
- **Explain** the steps involved in performing laparoscopic hysterectomy and myomectomy procedures.
- **Describe** the techniques necessary to perform advanced gynecologic laparoscopic surgery.
- **Discuss** the principles of Laparo-Endoscopic Single Site and Robotic Surgery.
- **Identify** methods to avoid laparoscopic complications.

INTERACTIVE MOBILE EXPERIENCE

Conference participants will have the opportunity to view presenter bios, conference presentations, surgical videos and additional links. In addition, the devices will allow real-time communication with the presenters, and allow for audience response to survey-type questions. Participants will have the opportunity to choose their preferred model of iPod Touches or iPads when registering.
Saturday, October 9, 2010

06:40 AM – 07:10 AM  Registration / Breakfast / Exhibits
07:10 AM – 07:30 AM Welcome, Announcements, Introduction to the
Pelvic Trainers and iPod Touch/iPad Training

Basics For the Advanced Gynecologic Surgeon

Moderator: M. Jonathon Solnik, MD

07:30 AM – 08:10 AM  Anatomy for the Laparoscopic Surgeon
08:10 AM – 08:50 AM Laparoscopic Set-up
08:50 AM – 09:30 AM Laparoscopic Entry
09:30 AM – 10:10 AM Energy Sources for Gynecologic Surgeons
10:10 AM – 10:30 AM Break / Exhibits / Pelvic Trainers / Energy Sources

Laparoscopic Suturing and Knot Tying

Moderator: Larry R. Glazerman, MD, MBA

10:30 AM – 10:50 AM Laparoscopic Suturing (Tricks and Tips)
10:50 AM – 11:10 AM Intracorporeal and Extracorporeal Knot Tying
11:10 AM – 11:20 AM Laparoscopic Suture Assist Devices
11:20 AM – 12:20 PM Laparoscopic Suturing with Faculty
12:20 PM – 01:20 PM Lunch / Round Table Lunch with the Experts

Laparoscopic Surgery (Step-by-Step Guide)

Moderator: Larry R. Glazerman, MD, MBA

1:20 PM – 1:40 PM Total Laparoscopic Hysterectomy
2:00 PM – 2:30 PM Laparoscopic Supracervical Hysterectomy
2:30 PM – 3:10 PM Laparoscopic Myomectomy
3:10 PM – 3:20 PM Break/Exhibits/Pelvic Trainers/Energy Sources
3:20 PM – 4:00 PM Laparoscopic Resection of Endometriosis
4:00 PM – 5:00 PM Laparoscopic Suturing with Faculty
5:00 PM – midnight Pelvic Trainers (Open Session)

Sunday, October 10, 2010

06:45 AM – 7:15 AM  Registration / Breakfast / Exhibits

Urogynecologic and Oncologic Surgery

Moderator: Craig P. Sobolewski, MD

07:15 AM – 08:00 AM Laparoscopic Colpopexy Procedures
08:00 AM – 08:40 AM Laparoscopic Retroperitoneal Dissection
08:40 AM – 09:20 AM Laparoscopic Management of the Adnexal Mass
09:20 AM – 10:00 AM Managing Bladder Injuries During Laparoscopic Surgery
10:00 AM – 10:30 AM Break / Exhibits / Pelvic Trainers / Energy Sources
10:30 AM – 12:00 PM Suturing with Faculty
12:00 PM – 01:00 PM Round Table Lunch with the Experts

Laparo-Endoscopic Single Site (LESS) Surgery and Robotic Surgery

Moderator: Stuart R. Hart, MD

01:00 PM – 01:40 PM Set-up, Entry and Instrumentation for LESS Surgery
01:40 PM – 02:20 PM Laparo-Endoscopic Single Site Hysterectomy
02:20 PM – 03:00 PM Robotic Surgery in Gynecology
03:00 PM – 03:30 PM Break / Exhibits / Pelvic Trainers / Energy Sources

Incorporating Advanced Laparoscopic Procedures into Your Practice

03:30 PM – 04:10 PM Coding–Maximize Income with Laparoscopic Procedures
04:10 PM – 04:50 PM Prevention/Recognition of Laparoscopic Complications
04:50 PM – 05:30 PM Surgical Debrief and Post-Test
05:30 PM – midnight Pelvic Trainers (Open Session)
COURSE DIRECTORS

Larry R. Glazerman, MD, MBA, FACOG
Associate Professor
Department of Obstetrics and Gynecology
Director, Minimally Invasive Gynecologic Surgery
Co-Director, Center for the Advancement of Minimally Invasive Pelvic Surgery (CAMPS)
USF Health
Tampa, FL

Stuart R. Hart, MD, FACOG, FACS
Assistant Professor
Division of Urogynecology and Pelvic Reconstructive Surgery
Department of Obstetrics and Gynecology
Co-Director, Center for the Advancement of Minimally Invasive Pelvic Surgery (CAMPS)
USF Health
Tampa, FL

FACULTY

Steven D. McCarus, MD, FACOG
Assistant Professor
Department of Obstetrics and Gynecology
University of Central Florida College of Medicine
Chief, Division of Gynecological Surgery
Director, Center for Pelvic Health
Florida Hospital Celebration Health
Celebration, FL

Craig J. Sobolewski, MD, FACOG
Assistant Professor
Department of Obstetrics and Gynecology
Chief, Division of Gynecologic Specialties
Chief, Minimally Invasive Gynecologic Surgery
Duke University Medical Center
Durham, NC

Resad Paya Pasic, MD, PhD
Professor
Department of Obstetrics, Gynecology and Women’s Health
Co-Director, Fellowship Program in Minimally Invasive Pelvic Surgery
University of Louisville
Louisville, KY

M. Jonathon Solnik, MD, FACOG, FACS
Assistant Clinical Professor
Department of Obstetrics and Gynecology
University of California, Los Angeles
Director, Minimally Invasive Surgery
Gynecologic Surgery
Cedars Sinai Medical Center
Los Angeles, CA

Patrick P. Yeung, Jr., MD, FACOG
Assistant Professor
Department of Obstetrics and Gynecology
Director, Duke Center for Endometriosis Research & Treatment
Minimally Invasive Gynecologic Surgery
Duke University Medical Center
Durham, NC

ACCOMMODATIONS

Buena Vista Palace Hotel
1900 E. Buena Vista Drive
Lake Buena Vista, Florida 32830

Feel the magic as soon as you arrive at this Walt Disney World® hotel. The perfect place to stay, play, and relax, adjacent to the Downtown Disney® area, Buena Vista Palace is a luxurious haven offering unsurpassed comfort, hospitality, and design. Complimentary transportation to the Walt Disney World® theme parks is available.

A block of rooms has been reserved for the conference at the special rate of $109.00 per night for single/double occupancy plus sales tax. These rooms will be held until September 9, 2010.

To reserve your room, please call directly, 1-866-397-6516 and reference the USF Gynecologic Laparoscopy conference.

ACCOMMODATIONS FOR DISABILITIES: Please notify the Continuing Professional Development Office at (813) 974-4296 a minimum of 10 working days in advance of the event if a reasonable accommodation for a disability is needed.

ACCREDITATION

Physician: USF Health is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

USF Health designates this educational activity for a maximum of 16.25 (additional 3.5 hours for Bootcamp) AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

FACULTY DISCLOSURE: USF Health adheres to the ACCME Standards regarding commercial support of continuing medical education. It is the policy of USF Health that the faculty and planning committee disclose real or apparent conflicts of interest relating to the topics of this educational activity, that relevant conflict(s) of interest are resolved, and also that speakers will disclose any unlabeled/unapproved use of drug(s) or device(s) during their presentation. Detailed disclosure will be made in the course syllabus.
