Transplantation by the Bay

The TGH Experience

SHERATON SAND KEY RESORT
CLEARWATER BEACH, FLORIDA

February 10-11, 2012

Sponsored by

Tampa General Hospital
USF Health
Course Description

_Transplantation by the Bay: The TGH Experience_ is designed for referring physicians, surgeons, nurses, social workers, case managers and pharmacists who are interested in the clinical aspects of solid organ transplantation as experienced at Tampa General Hospital. The program is developed to encourage the exchange of scientific and clinical information and support an interchange of opinions regarding care and management issues, as well as socioeconomic, ethical, and regulatory issues relevant to organ transplantation.

Target Audience

This course is designed for referring physicians, surgeons, nurses, social workers, case managers and pharmacists who are interested in the clinical aspects of solid organ transplantation as experienced at Tampa General Hospital.

Course Objectives

At the conclusion of this program, participants will be able to:

1. Discuss the future of transplantation in the era of healthcare reform and public healthcare economic restraints.
2. Summarize the current statistics of graft and patient survival and transplant volume for each solid organ program at TGH.
3. Discuss the selection criteria and referral and evaluation processes for each program.
4. Discuss the management of end-stage organ disease for pulmonary, heart, renal and liver.
5. Discuss the current state of VAD technology at TGH, types of devices and uses.
6. Destination VAD therapy utilization and selection criteria.
7. Discuss new drug therapy options for HCV.
8. Discuss the newest information regarding immunology testing at TGH, use of donor-specific antibodies and PRA reduction protocols.
9. Discuss the current LifeLink donation data.
