Conference Overview & Needs Assessment

In a perfect world, there would be no need for a NICU. Yet our reality is that babies continue to be born too sick, too soon, and with medical conditions requiring hospitalization. Activities in the NICU have a profound impact on the babies, their families and the staff. **What you do matters.** Your work has the potential to impact a neonate's health outcome, as well as that of the family and staff in the NICU.

Since the 1980s, neonatal care providers have worked to mitigate the stress experienced by babies, parents and providers. Doing so has involved change and its inherent struggles, but eventually we have adapted our NICU culture, policies and approach. We strive to nurture the developmental needs of babies and the emotional and informational needs of their parents through evidence-based knowledge in neurodevelopmental science, developmental care, healthcare design, and family support. This work continues at **The 32nd Annual Gravens Conference.**

Join us in Clearwater Beach, Florida, on March 6-9, 2019, as we explore research, learning and practice to examine **Transformative Care.** The most current science, state-of-the-art research and leading practices will be presented over the course of four days.

Conference Highlights (include, but are not limited to)

- ◆ Many, many opportunities to network with colleagues, faculty and exhibitors
- ◆ Continuation of the "Gravens Affordability Scholarships"
- ◆ Complimentary Wi-Fi; bring your gadgets (fully charged as outlets are limited)
- ◆ Hartline Welcome reception on Tuesday night in the Exhibit Hall
- ◆ Exhibit Hall Grand Reception on Wednesday. Drawing for door prizes, including free registration for 2020
- ◆ Sunset dinner cruise on Thursday, March 7th.
- ◆ Presentation of 2019 Gravens Award

Sunset Dinner Cruise: The StarLite Majesty has been reserved for the Gravens Conference for a sunset dinner cruise (with dancing) on Thursday, March 7th. Transportation to the marina from the Sheraton will be provided. Boarding begins at 5:30 pm and the ship sails at 6:00 pm, for a three hour cruise. You will have a choice of a chicken, seafood, or vegetarian entrée, vegetables, dessert, and beverages. (Alcohol and soda is self-pay.) Seating is limited to 280 passengers. Please carefully consider your decision to attend when asked at time of online registration. Obtaining an accurate count is paramount. (You can decide on entrée while on the ship.)

Attendee tickets are \$20; Guest tickets are \$49.

The dinner tickets are non-refundable because a head count will be provided to Starlite Majesty in advance.

Target Audience

This program has been developed to meet the educational needs of healthcare practitioners such as Neonatologists, Pediatricians, Psychologists, Occupational Therapists, Parents / Families, Neonatal Nurse Clinicians / Practitioners, Family Support Staff, Architects, Clinical Nurse Specialists, Hospital Administration, Infant / Child Development Specialists / Social Workers / Counselors, and other professionals working with high-risk infants, their families or their physical environment.

Learning Objectives

As a result of participating in this activity, the learner should be able to

- **Identify** current research that contributes to understanding neurodevelopment, neuroprotection, emotional and mental health, and the role of nurturing in the NICU.
- **Interpret** the impact of NICU-related practices on parents, infants, and staff.
- **Compare** and contrast several 'best practices' for improving family support policies
- **Develop** strategies for applying current information to clinical practice in the NICU environment.
- **Integrate** strategies for cultural change in the NICU, including intrapersonal, interpersonal, clinical, environmental, and system change.
- **Integrate** the various components to consider when renovating or creating new construction of a NICU.
- **List** three new professional and/or parent contacts that have the potential to collaborate on current or future projects, or to assist with problem-solving.

Learning objectives apply to all professions in the target audience.

Competencies to be addressed:

*Patient Care and Procedural Skills; Medical knowledge; Systems-based practice; Professionalism;
Interpersonal and communication skills*

Accreditation:

Certificates of Attendance or certificates of continuing education credit are obtained online after the event.

Physicians:

USF Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

USF Health designates this live activity for a maximum of **19.50** *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physicians FBM (Florida Board of Medicine):

USF Health is an approved provider of continuing education for physicians through FBM 50-2970. This program has been approved for **19.50** contact hours.

Nurses FBN (Florida Board of Nursing):

USF Health is an approved provider of continuing education for nurses through FBN 50-2970. This program has been approved for **19.00** contact hours.

There are no prerequisites for nurses to participate in this activity. To complete this course, nurses must sign in each day, participate in all activities and complete the course evaluation.

Florida Licensed Psychologists:

USF Health is an approved provider of continuing education for Psychologists through the Florida Board of Psychology (provider number 2970). This program has been reviewed and approved for up to **19.2** continuing education credits. Licensee numbers are required prior to the issuance of certificates.

Florida Licensed Clinical Social Workers, Licensed Marriage and Family Therapists, Licensed Mental Health Counselors:

USF Health is an approved provider of continuing education credits for clinical social work, marriage and family therapy, and mental health counseling. This program has been reviewed and approved for up to **23.25**, 50-minute contact hours.

Florida Licensed Occupational Therapists: USF Health is an approved provider of continuing education for Occupational Therapy licensees by the Florida Board of Occupational Therapists. This program has been reviewed and approved for up to **23.2**, 50-minutes contact hours. Licensee numbers are required prior to the issuance of certificates.

Disclaimer: This information provided at this CME / CE activity is for continuing education purposes only and not meant to substitute for the independent medical/clinical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.

Call for Abstracts

The 32nd Annual Gravens Conference on the Environment of Care for High Risk Newborns, *in collaboration with the March of Dimes*

March 6-9, 2019

Abstract due date is October 31, 2018.

The Gravens Conference is dedicated to providing a forum for the continuing education of professionals working to improve the health outcomes of premature and sick newborns and their families, and to improve the professional environment for caregivers. In particular, the conference focuses on the science of fetal and infant development, developmental care practices, NICU design, family support programs, and the influential role the NICU environment has on neurodevelopment of the infant, function of the caregiving staff, and support for the family.

The conference committee invites you to submit an abstract for a variety of presentation options: oral abstract session (20-ish minutes), workshop session (75 minutes), or poster presentation, regarding NICU design, the study of creative approaches to developmental and environmental issues of the NICU, care practices and/or programs to assist staff, parents and families. This conference offers an opportunity to share your work and experiences with colleagues.

The theme for the 2019 conference is *transformational change*. However, the abstracts may be on any applicable NICU topic.

Abstracts should include the following sections, as applicable.

1. Abstract Title
2. Authors' names, degree (s), and institution
3. Background and Purpose: problem statement or hypothesis as appropriate
4. Budget and Resources: cost of program and materials as appropriate
5. Program, Materials, or Methodology: also include any barriers to implementation and how they have been overcome
6. Impact or Results: major accomplishment of program / materials; qualitative and quantitative data*; evidence-based results, impact on stress, comfort, knowledge, and/or participation with the baby, and especially any health related outcomes. *If providing data, it must exist; "data to be obtained by conference date" is no longer acceptable.
7. Bibliography: for oral presentations, at least 3 related references that support the program
8. Implications for Family Support (if applicable)
9. Learner Objectives: 2-3

In the body of the email, please list the following:

1. Title of the abstract
2. Author's name, degree(s), position title, and email address
3. Name and location (city, state, country if international) of institution
4. IF the contact person is someone other than the author, please note that in the body of the email
5. **PRESENTATION PREFERENCE:** a) oral abstract session, b) workshop session, c) poster only, or d) no preference. (Please spell it out rather than provide just a lower case letter.)

Length of abstract: 1000 words maximum

Format: WORD, preference is Arial 12 pt, but font choice is optional.

Send abstract as an email attachment to Bobbi Rose at brose@health.usf.edu

You will get a reply within a day or two that the abstract was received. If you do not hear back, please call Bobbi Rose at (813) 974-6158, or send another email.

Decisions by the abstract review committee for oral considerations are expected by early Dec. 2018.

Notification will be by email. **The conference does not provide any support for abstract presenters, regardless of presentation outcome. Abstract presenters must register to attend the conference.**

National Perinatal Foundation / Gravens Affordability Scholarship

To help broaden participation at The Gravens Conference, the Chiles Center at the University of South Florida is offering a limited number of *affordability scholarships* to clinicians and allied healthcare workers who have a compelling need and lack adequate funding or sufficient employer support to otherwise attend. The scholarships are funded by the generous donation from the **National Perinatal Foundation** to the USF Foundation. The overarching goal of the donation is to improve the health outcomes of mothers and babies. The scholarship is limited to US applicants.

Conference management believes it takes a team to create and sustain change.

The applicant **MUST** be part of a four person team that attends. All members of the team may apply, or a subset of the team may apply for the scholarship. The team **MUST** include a physician and a nurse. The other members can be physicians, nurses, parent representatives, social workers, therapists, etc. One of the team members **MUST** have an administrative leadership role.

The scholarship will cover: ❖ registration, ❖ up to 4 nights of lodging at the conference hotel, 2 per room, assuming same gender.

Complete the application form, and return to Bobbi Rose, brose@health.usf.edu by end of the day on **December 3, 2018**. You may use the application form, or put all the information into a WORD document. She will confirm that application was received. A Gravens Conference committee will review all completed applications and provide feedback to all by **January 15, 2019, sooner if possible**.

National Perinatal Foundation / Gravens Affordability Scholarship Application Instructions

Specific Requirements:

The applicant **MUST** be part of a four person team that attends. All members of the team may apply, or a subset of the team may apply for the scholarship. The team **MUST** include a physician and a nurse. The other members can be physicians, nurses, parent representatives, social workers, therapists, etc. One of the team members **MUST** have an administrative role.

Applicant Information: (You may print this page and fill in the information, or include the information on a WORD document, along with your reply to the 4 open-ended questions listed below.) Submit to Bobbi Rose at brose@health.usf.edu or fax: 813-974-5172 by the end of the day on **December 3, 2018**.

Open ended questions (put into a WORD document):

1. Why do you want to attend?
2. How will training be used specifically in your hospital / organization?
3. What is your justification for the need for funding?
4. Why should you be selected?

A limited number of rooms have been reserved for this meeting at a special rate of **\$210** (plus tax, currently 13%) for single/double occupancy. Total per night comes to \$237.30.

For reservations, call 727-595-1611 (not the national sales office) and identify yourself as a participant of the **USF Gravens Conference** to receive the special group rate. The deadline to receive the group rate is **February 5, 2019**. **The hotel sells out every year. Do not wait until the last minute.** The hotel has complimentary parking.

If you prefer to make online reservations, please visit: <http://bit.ly/SSKgravens2019>

Dress is casual throughout the conference. Please bring a jacket to the meeting rooms, as they are often cold.

Overflow Hotel: Marriott Suites on Sand Key

Marriott Suites on Sand Key at 1201 Gulf Blvd., Clearwater Beach, FL 33767. (This hotel is across the street, and down about a block. Excellent rooms for a roommate situation.)

Rates: \$229 + 13% tax, which becomes \$258.77 a night. The cut-off date is on or before midnight **February 6, 2019**. This room block is small, so if interested, book early.
Parking is complimentary.

Call in number: (727) 596-1100 (state "USF Gravens Conference")

Airport & Ground Transportation: The two airports nearest the hotel are Tampa International Airport (TPA) and St. Petersburg/Clearwater airport (PIE). Both airports offer car rental and SuperShuttle. Reservations can be made at www.supershuttle.com or 1-800-282-6817. SuperShuttle from Tampa airport is approximately \$25 one way, or \$50 RT. Taxi fare from Tampa airport can exceed \$60. For more information on Tampa airport, visit www.tampaairport.com, and for information on the St. Petersburg/Clearwater airport, visit <http://www.fly2pie.com/>.

There is a local company that makes Tampa airport/Sheraton runs for \$45 (plus tips) per van, not per person. If you are part of a group, this might be the most cost effective. The web site is www.freebeachride.com or call Tony at 727-678-4741. (This tip is courtesy of a past conference attendee.)

Information needed to register online:

We recognize that organizations send teams, and often it is the administrative assistant of the unit that is responsible for registrations. Below is a check list of items that the admin assistant will need to obtain from the attendees in order to complete the online registrations. If payment is by check, rather than the corporate credit card, be sure to untick the default setting for credit cards.

- First Name and Last Name
- Academic degree(s), Gender, Birthday (mm/dd)
- License Number (if applicable)
- Email address
- Organization

- Home address (including city, state and zip). (Organizational address is ok, but home address is pre-
- Professional Profile, for example: Physician, Nurse, SLP, OT, Dietician etc.
- Any special needs that would require a reasonable accommodation of a disability?
(If so, email me details within 10 working days of event to: brose@health.usf.edu.)
- Any allergies that would require me to notify the hotel kitchen? Examples include nut allergies, Celiac disease etc.

- And finally, if they already exist in the USF's Continuing Professional Development's registration system, they have a password. You would need to know it. If you are creating a profile for the first time, let the person know what password you've created. They can change it later.

Admin: Please ask the conference attendee about his/her interest in attending the sunset dinner cruise. The seating is limited, and as such, getting as accurate a head count as possible is critical.
