Faculty

**Linda Kenney Baden, Esq.**
Former Prosecutor currently in private practice with concentration on litigation related to employment, civil rights, and criminal cases. Ms. Kenney Baden has been involved in numerous high profile cases including those involving former NBA basketball player Jayson Williams, Phil Spector and Casey Anthony. She is an active member of the American Academy of Forensic Sciences and has appeared as a legal guest commentator on various television networks. She has lectured in China, Croatia, and Kuwait. Ms. Kenney Baden is also the author of two thriller novels Remains Silent and Skeleton Justice with her husband Dr. Michael Baden.

**Michael Baden, MD**
Former Chief Medical Examiner of New York City
Fox News Contributor for Forensic Science
Host of HBO’s Autopsy Series

*Dr. Michael Baden is a Board-certified, forensic pathologist. He was chairman of the Forensic Pathology Panel of the US Congress Select Committee on Assassinations that investigated the deaths of President John F. Kennedy and Dr. Martin Luther King, Jr. Dr. Baden has been involved as an expert in forensic pathology in many cases and trials of international interest including: Tsar Nicolas, Claus Von Bulow, Marlon Brando’s son, O.J. Simpson, Medgar Evers, Kobe Bryant, Robert Blake, the Twin Towers terrorist bombing and countless others.*

**Bryan Kastelic**
Special Agent, Division of Criminal Investigation, State of Wisconsin
Bryan Kastelic currently serves as a Special Agent at the Department of Justice and a Unified Tactical Trainer. Prior to his work with the State of Wisconsin, he was a Narcotics Investigator with the Brown County Sheriff’s Department.

**Henry Lee, PhD**
Distinguished Chair Professor, University New Haven, Founder, Henry C. Lee Institute of Forensic Science, Former Commissioner, Connecticut State Police

*Dr. Henry Lee is a legendary investigator, known for finding the tiniest clues. Over the past 40 years Dr. Lee has assisted in the investigations of more than 6,000 cases, including war crimes in Bosnia and Croatia, the suicide of President Clinton’s former White House attorney Vince Foster, O.J. Simpson, Kobe Bryant, Casey Anthony, the review of the JFK assassination, and the death of JonBenét Ramsey.*

**Elizabeth Murray, PhD, D-ABFA**
Professor of Biology, College of Mount St. Joseph
Dr. Elizabeth Murray is a forensic anthropologist and award-winning professor of biology at the College of Mount St. Joseph, in Cincinnati, Ohio. She is one of only approximately 70 practicing board-certified forensic anthropologists in North America and is a fellow in the American Academy of Forensic Sciences. Dr. Murray’s experience encompasses hundreds of cases involving field investigations and laboratory analyses of human remains in all stages of decomposition; her casework has taken her around the world. Dr. Murray’s varied publications include “Death: Corpses, Cadavers, and Other Grave Matters” which was named one of the top ten summer reads for young adults by the prestigious American Association for the Advancement of Science in 2011. Among her many media appearances, Dr. Murray’s 36-lecture DVD series, “Trails of Evidence: How Forensic Science Works”
was released by The Teaching Company in 2012, and she has recently been contracted for a second series, "Forensic History: How Science Investigates History’s Most Notorious Crimes.

Joe Navarro, MA, FBI (ret.)
President, JNForensics.com
For 25 years, Joe Navarro worked with the FBI, both as an agent and supervisor in the areas of counterintelligence and counterterrorism. He is a founding member of the FBI’s Behavioral Analysis Program and is a world renowned expert on the forensic use of nonverbal communication. Mr. Navarro is the author of 11 books including the international best-seller What Every Body is Saying which has been translated into 29 languages. In addition to appearing on all major networks including Crossfire with Chris Matthews, Mr. Navarro continues to lecture throughout the world on nonverbal communications and is a visiting lecturer at the Harvard Business School.

Daniel Spitz, MD
Chief Medical Examiner, Macomb and St. Clair Counties, Michigan
Clinical Assistant Professor of Pathology, Wayne State University School of Medicine
Dr. Spitz is Board-certified in Anatomic, Clinical and Forensic Pathology. Dr. Spitz has authored several book chapters, numerous original articles and abstracts, and is the co-editor of two books: Differential Diagnosis in Surgical Pathology, 2nd Ed. (WB Saunders, 2001) and Medicolegal Investigation of Death, 4th Ed. (Thomas, 2006).

Werner Spitz, MD
Consultant, Forensic Pathology and Toxicology
Former Chief Medical Examiner, Wayne and Macomb Counties, Michigan
Professor of Pathology, Wayne State University School of Medicine
Adjunct Professor of Toxicology, University of Windsor, Canada
Dr. Spitz is the author of over 90 scientific publications. He is the author and editor of the authoritative and celebrated textbook “Medicolegal Investigation of Death.” He served on the House Committee on Assassinations, investigating the assassination of President John F. Kennedy and Dr. Martin Luther King Jr. Dr. Spitz has served as an expert in many national cases including the California Night Stalker, Mary Jo Koepeckne, JonBenét Ramsey and O.J. Simpson.

T. Paulette Sutton, MS, MT (ASC) CLS
Associate Professor, Clinical Laboratory Sciences, University of TN Health Sciences Center
Ms. Sutton is a private consultant in the field of bloodstain pattern analysis and a Distinguished Member of IABPA. She entered private practice after a career as the Assistant Director of Forensic Services and Director of Investigations for the Division of Forensic Pathology at the University of Tennessee, Memphis. In 1998, Ms. Sutton was certified by Professor MacDonell and the Institute on the Physical Significance of Human Bloodstain Evidence. She was the 3rd individual to be so recognized. Ms. Sutton is a member of the International Association of Bloodstain Pattern Analysts, International Association for Identification, and the Southern and Southwestern Association of Forensic Scientists. Honors include the Lecturer of Merit Award and Distinguished Faculty Award from the National College of District Attorney and Outstanding Service Award from the FBI.
